

**MMR University** offers a multi-year internship program that supplements higher education and/or professional experience with the most valuable skills for a successful career at **MMR**. The program starts every fall semester and combines in-person instruction with hands-on lessons, virtual learning, field experience and mentorship from seasoned **MMR** professionals locally and abroad. **MMR-U** provides enrolled students with lifelong skills and professional development opportunities, ultimately leading to long-term growth, talent retention and a dynamic company culture at **MMR**.

If you are a student interested in learning more, contact [recruiting@mnrgrp.com](mailto:recruiting@mnrgrp.com) or apply directly on our [internships page](#).

## YOUR PATH TO SUCCESS STARTS HERE!

### START
